

2021

# IMPACT REPORT

# PATIENT IMPACT

## 41 Salvations/Rededications

---

Our goal is for every patient to hear the Gospel of Jesus Christ. In 2021, 642 patients had a spiritual discussion and/or heard the Gospel.

## 135 Babies Born

---

One of our Core Values is Treasuring Life - all life is absolutely valued, in all circumstances. We believe everyone is made in the image of God.

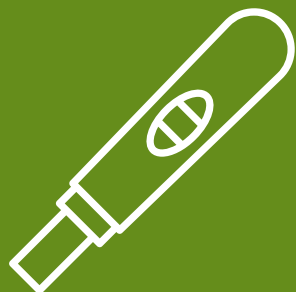

## 1,343 Patient Visits

---

In 2021, we had the most amount of visits in the 35-year history of Mosaic. A visit means anytime a patient comes to our center to receive a service.

# PATIENT **SERVICES**

## **628 Pregnancy Tests**

---

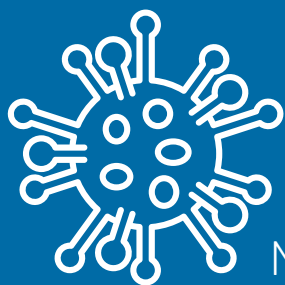

Out of 628 pregnancy tests, 500 were positive, 124 were negative and 4 were inconclusive.

## **421 Ultrasounds Performed**

---

Of the patients who received an ultrasound and were undecided about abortion, 71% ended up wanting to choose life for their babies!

## **319 STI Tests Performed**

---

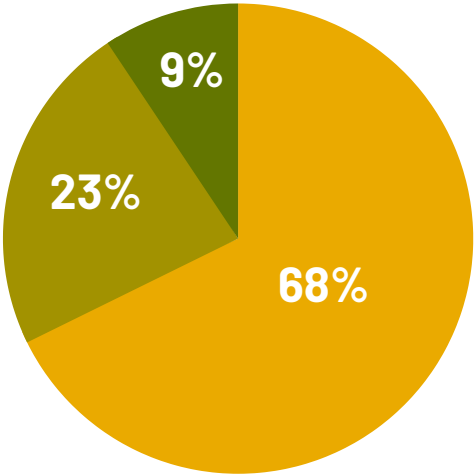

We provide free testing for two of the most common sexually transmitted infections, Chlamydia and Gonorrhea. Many of our patients are men who then hear the Gospel as well!
